## Sugar Hill Arts Commission

The Sugar Hill Arts Commission is hosting a special exhibit from the Brenau University Art Collection. The collection, entitled Post-War Modernists, includes works from post-World War II artists such as Roy Lichtenstein, Andy Warhol, Robert Rauschenberg, Salvador Dali and Jasper Johns. This work is on loan from the university through May 11th.

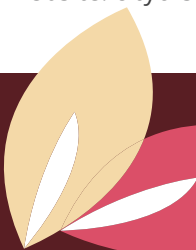

The Commission's next art exhibit will feature Ingrid Bolton's show "Georgia on My Mind", which is currently on display at Georgia's Botanical Gardens. The show will be on display at City Hall beginning June 7th, with a reception on opening day from 6 to 8 PM. Bolton was born and raised in Germany and came to the United States in 1966. After living in many places in the U.S., she has called Georgia home since 1989. Her show, "Georgia on My Mind" consists of oil paintings of her home state and is a study of the natural splendor located throughout the state.

For more information about the Arts Commission, contact City Hall at 770-945-6716.

## Sweet Life Photo Contest

Show us what makes life in Sugar Hill so "sweet" this summer by entering our Sweet Life Photo Contest. Submissions will be judged by a selection committee and winning photos will be on display in City Hall for one month and the photographers will be honored at an upcoming City Council Meeting. Submissions will be accepted through September 30th. Find out how to submit your photos plus more information at the website: [cityofsugarhill.com/sweet-life-photo-contest/](http://cityofsugarhill.com/sweet-life-photo-contest/)

# Level Billing

The City of Sugar Hill offers an innovative program that allows you to level your monthly gas utility bill payment. By averaging your bill and flattening out the peaks, as well as the valleys, you are able to achieve a consistent bill for your gas utility services. This convenient program lets you pay the same amount each month. Knowing what your bill will be every month takes the surprise out of your utility bill. It also makes it easier to budget in advance. We will continue to read your meters as usual and you will receive information on your actual usage so you will know how much gas you are using. If you are interested in this program, please call City Hall at 770-945-6716 to see if the plan will work for you. Our Customer Service Representatives can calculate your Budget/Level Billing Plan payment for you before you decide to sign up for this service. In order to ensure faster service, please have your account number ready when you call. If you are ready to sign up for level billing, please fill out the agreement in your gas bill and return it to City Hall. The agreement may be mailed, dropped in night drop, faxed, e-mailed, or delivered to City Hall. Please call to confirm receipt if this form has been mailed, e-mailed, or faxed. For more information, visit [www.cityofsugarhill.com/level-billing](http://www.cityofsugarhill.com/level-billing)

## The Players Guild at Sugar Hill presents *The Odd Couple*

**September 14th-30th.** This classic comedy opens as a group of the guys assemble for cards in the apartment of divorced Oscar Madison. And if the mess is any indication, it's no wonder that his wife left him. Late to arrive is Felix Unger, who has just been separated from his wife. Fastidious, depressed, and none too tense, Felix seems suicidal, but as the action unfolds, Oscar becomes the one with murder on his mind when the clean freak and the slob ultimately decide to room together with hilarious results as *The Odd Couple* is born. Tickets go on sale in June. Visit [www.PGATSH.com](http://www.PGATSH.com) for more information.

## Ready to dig?

We'll help you do it safely! Call 811 at least a few days before you start any digging project. Whether you are planning to do it yourself or hire a professional, smart digging means calling 811 before each job.

## Help Stop Water Pollution

Washing your car in your driveway can cause oil, grease, detergents and road grime to contaminate local water sources. When you wash your vehicle in your driveway or the street, the waste water goes down the street drains and through the storm water system into local streams, rivers and lakes. Washing your car in the driveway is just as bad for the environment as washing it in a stream.

**Here are a few ways you can help stop water pollution when it comes to automotive care:**

- Use a commercial car wash that disposes of waste water properly
- If you have to wash your car at home, wash it in the grass so that water does not drain into storm drains
- Dispose of cleaning materials properly or switch to natural solutions that are better for the environment
- Be sure to contain any automotive spills or absorb them with cat litter
